

User Stories:

1. **As a user, I want** to be able to select a character that matches my personality **so that** I can feel like I am a part of the game.
2. **As a user I want** to be able to see what all the potential moves are for each round **so that** I can learn the game and its character movesets faster.
3. **As a user I want** to be able to purchase or receive character power ups or special moves **so that** I can make a comeback if I am losing to give me the opportunity to win and not automatically lose because I am behind in the scoring in the game session.
4. **As a user I want** to be able to see what my previous scores were **so that** I can be notified when I make a new high score.
5. **As a user I want** to be able to set my font size **so that** I can see the wordings more clearly if they are too small.
6. **As a user I want** to be able to play the game on my mobile phone **so that** I can play the game while I am traveling as a passenger to school.
7. **As a user I want** to be able to use my mouse on my computer and my finger touch on my mobile phone **so that** I can play the game no matter where I am and no matter what form factor device I am using at the time.
8. **As a user I want** to be able to save a game setting on one device and persist it on all my other devices **so that** I don't have to set the game setting each time I play from a different device.
9. **As a user I want** to be able to see whose turn it is to play **so that** I am aware when I should attempt my turn on the board.
10. **As a user I want** to be able to see the scores of the other plays in addition to mine **so that** I can be aware of if I am winning or losing and by how much.
11. **As a user I want** to hear a sound **so that** I will know it is my turn when I am not paying attention.
12. **As a user I want** to be able to select a board theme **so that** I can change up the look when one gets old.
13. **As a user I want** to be able to time my matches **so that** I can know how fast I won/lost.
14. **As a user I want** the ability to forfeit **so that** I can get into another game faster
15. **As a user I want** the option to play on bigger/smaller boards **so that** the game can be played with different paces.
16. **As a user I want** the ability to make tournament lobbies **so that** I can make tournaments for my friends.
17. **As a user I want** an ELO ladder **so that** I can see how I perform against other players.
18. **As a user I want** a downloadable game log **so that** I can review it later.
19. **As a user I want** an indicator to highlight each player's most recent move **so that** I can strategize even if I look away.
20. **As a user I want** shareable links **so that** I can send them to my friends and play together.

21. **As a user I want** a chat feature **so that** I can communicate with the other players.
22. **As a user I want** people who take too long to make a move to be skipped **so that** the game doesn't stop.
23. **As a user I want** unlockable content **so that** I can feel like there's a goal.
24. **As a user I want** an interactive tutorial **so that** I can pick up the game easier.
25. **As a player I want** to be able to host custom games of Squared with custom rules (i.e., time allotted per turn, size of game board, etc.) **so that** I can further personalize and add variety to the game.
26. **As a player I want** the option to spectate ongoing games of Squared **so that** I can observe other player's strategies and enjoy the game even when I'm not playing it.
27. **As a player I want** the ability to customize the layout and positioning of the game board, chat and other features relative to one another **so that** I can observe the game in a way that is comfortable and convenient for me.
28. **As an online player I want** the ability to immediately request a rematch with players I have already finished playing with **so that** I don't have to wait for new players to play against after every complete game.
29. **As a competitive player I want** the ability to display and review previous games by uploading a game log **so that** I can study strategies for the game and review gameplay and moves at a glance.
30. **As an online player I want** the ability to save chat logs made during gameplay **so that** I can look over messages sent to me by other players after I've finished playing with them.
